Schedule 21 of the FMC Regulations requires certain information to be provided to clients. This information is included below.

This shows the returns that have been generated by each investment strategy in the past. Returns are before fees and before tax, and after fees but before tax, as detailed. Your actual portfolio will differ from the portfolio that generated these returns. **Important:** it does not tell you how the investment strategy will perform in the future.

The returns below are composite time weighted returns calculated on all portfolios invested in each investment strategy. To find more details on the investment strategies, you can view the portfolio fact sheet available at https://selectwealth.co.nz/selected-and-gbp-portfolios.

* This return has been calculated net of the actual Select Fee and the actual Adviser Service Fee. However, depending on the value of your portfolio, and the fee that you have agreed with your adviser, this may change. For more information, please see the Investor Information booklet section on fees.

Selected portfolios are reweighted quarterly and the assets and their weightings can change each quarter. For more information, please see the Investor Information booklet.
